

Software Release Version 1.2.3

Release Notes

Copyright© 2017 Swarm Technologies LLC. All rights reserved. SmartBee Controllers®, Smart Bee®, Swarm Tech LLC®, and certain other marks are registered trademarks of Swarm Technologies LLC, and other related “Swarm Tech” and “SmartBee” names may also be registered and/or common law trademarks of Swarm Technologies LLC. All other product or company names may be trademarks of their respective owners. Performance and other metrics contained herein were attained in internal lab tests under ideal conditions without independent third-party verification, and actual performance and other results may vary. As such, Swarm Technologies LLC will assume no liability for the use by an end use customer of the HiveOS v1.2.0 or any subsequent updates. Network variables, different network environments and various other conditions may affect performance results. Nothing herein represents any binding commitment by Swarm Technologies LLC, and Swarm Technologies LLC disclaims all warranties, whether express or implied, except to the extent Swarm Technologies LLC enters a binding written contract, signed by Swarm Technologies LLC’s Chief Executive Officer or Chief Financial Officer with a purchaser that expressly warrants that the identified product will perform according to certain expressly-identified performance metrics and, in such event, only the specific performance metrics expressly identified in such binding written contract shall be binding on Swarm Technologies LLC. For absolute clarity, any such warranty will be limited to performance in the same ideal conditions as in Swarm Technologies LLC’s internal lab tests. Swarm Technologies LLC disclaims in full any warranties, representations, and guarantees pursuant hereto, whether express or implied. Swarm Technologies LLC reserves the right to change, modify, transfer, or otherwise revise this publication without notice, in which case the most current version of the publication shall be applicable.

HiveOS v1.2.3
Release Notes (Build 4805)

Release features:

LTH Pro. The new LTH Pro supports an external Apogee PAR Quantum sensor. The external sensor has a spectrum range of 410nm to 655nm. Your Hive will display the readings in PPFd (Photosynthetic Photon Flux Density) and DLI (Day Light Interval) giving you all the tools you need to determine the proper height of your lights in reference to the plant canopy.

Avg. Air:	
Temperature	75°F
Humidity	46.94%
Brightness	56%
CO2	563ppm
VPD	15.23mb
PAR	139PPFD
DLI	12

The Apogee sensor can be purchase separately at:

<http://www.store.smartbeecontrollers.com/apogee-par-sensor/>

The New LTH Pro can be purchased online at:

<http://www.store.smartbeecontrollers.com/lth-pro-sensor/>

Additional PAR sensor details available at:

<http://www.apogeeinstruments.com/original-quantum-sensor/>
